Mr. T. H. Humpherys  
State Engineer  
Capitol Building  
Salt Lake City, Utah

Dear Mr. Humpherys:

On the evening of Wednesday, June 4, a meeting was held in Fairview, Utah for the purpose of discussing the proposed Gooseberry-Cottonwood Irrigation Company loan for the improvement of their irrigation system.

Mr. Jones, President of the Company; Mr. Jensen, Secretary; and Mr. Sidwall and Mr. Mower, Directors, were present to represent the irrigation users. Federal agencies were represented by Mr. Pearson of the FSA, Mr. Nielsen of the Bureau of Reclamation, and myself for the Soil Conservation Service.

At the conclusion of our discussions it was decided that the application for the Gooseberry-Cottonwood loan would be withdrawn, the officers and directors of the Company were so advised, and gave their concurrence in this withdrawal.

The action taken at this meeting in cancelling and withdrawing the application has removed all possibility of the proposed Gooseberry-Cottonwood water facilities loan conflicting or interfering in any way with negotiations necessary to the completion of the lower Gooseberry dam as a Case-Wheeler project.

Very truly,

*Graham S. Quate*
